SCALE & PRODUCT INFORMATION

Where possible, we have tried to show the chocolate figurines at 1:1 scale in this catalogue.

Please note that this only applies when the catalogue is printed at full A4 size, with one catalogue page per A4 sheet and without scaling. In all other formats, such as digital viewing, reduced printing, booklet printing or screen display, the images are indicative only, but still give a useful relative impression of the proportions between the figurines.

DISCLAIMER

Chocproof takes great care to present all products and information as accurately as possible. However, colours, dimensions, weights, packaging details and availability may vary slightly due to photography, printing, production or hand-finished decoration.

Product scale in this catalogue is indicative. Where possible, figurines are shown close to 1:1 scale, but final specifications should always be confirmed at the time of order.

Chocproof cannot be held liable for printing errors, typographical errors, colour deviations or layout inaccuracies.

BELGIAN QUALITY HUMAN TOUCH

ABOUT THIS CATALOGUE

This catalogue presents our winter collection of chocolate figurines made with Belgian chocolate, designed for Halloween, St. Nicholas, Christmas and all-season gifting.

Inside, you will find a curated range of hollow chocolate figures in different sizes, finishes and packaging options. From traditional seasonal icons to more playful contemporary shapes, each product is selected with seasonal timing and reliable B2B ordering in mind.

CUSTOMIZATION

Need something more specific? Chocproof supports custom projects for distributors, retailers and private label partners.

From small adaptations to fully tailored projects, our team guides the process from idea to finished product. Each request is reviewed based on feasibility, timing, quantities and packaging requirements.
